Dear [redacted]

STAT

Following up on our telephone conversation about the revised DCI directive for the Security Committee, I suggest the following for your consideration:

Under 2. Functions, b.2.

the conduct of preliminary investigations of unauthorized disclosures or compromises of classified intelligence information.

Under 3. Intelligence Community Responsibilities, a new first sentence as follows:

Heads of Intelligence Community components, following preliminary investigations of unauthorized disclosures, will recommend to the Attorney-General whether a case should be referred to the FBI for further investigation.

This formulation is acceptable to [redacted] If it's acceptable to you, we can go back to the Committee. There's little point in referring it to the Board or Council.

STAT

Please advise.

Sincerely,
